BRYAN WELCOMERS CROWD NEW YORK

Delegations Fill New York to Greet Nebraskan.

RECEPTION WILL BE SIMPLE

Freedom of Great City Will Be Extended to Bryan by Mr. McGowan The Nebraska Delegation is very Much in Evidence.

New York, Aug. 30.—Hundreds of persons came into town Wednesday from all sections to attend the reception to William J. Bryan and the hotels assembled a lively aspect.

Everywhere the signs are that Mr. Bryan will get one of the most hearty greetings that his followers have ever given him.

The Victoria hotel, headquarters of the commercial travelers anti-trust league, was a busy place, many of the visiting delegations calling there to ascertain the final arrangements and to make known their presence in the city.

The steam yacht Illini, belonging to Edward F. Goltra, of St. Louis, on which Mr. Bryan is expected to make his entry into this city, anchored off the yacht landing at the battery early Wednesday.

The yacht will cruise around the upper bay but will keep in touch with the battery until the steamer Princess Irene, which is bringing Mr. Bryan to this city, is sighted.

Mr. Bryan will be taken off the ship at quarantine, according to the present plans and will there be welcomed by Norman Mack, Lewis Nixon, Mayor Brown, of Lincoln, Neb., and Harry W. Walker. It is expected that after Mr. Bryan has been welcomed by those on the yacht, he will be put on board the tug Eugene Moran, which has been chartered by the Nebraska delegation, to enable him to shake hands with his "homefolks." He will then return to the yacht. When the steamer reaches port it is planned to have the yacht run up Long Island sound and anchor for the night off the home of William Hoge, president of the Commercial Traveler's Anti-Trust League at Rye, N. Y. Mr. Bryan, it is stated, will not leave the yacht, Wednesday morning the yacht cruised up the sound, returning in time to go to the yacht landing at the battery to permit Mr. Bryan to land at 4 p. m Thursday afternoon to meet the reception committee and take part in the parade.

Word was received early at the offices of the North German Lloyd Steamship company that the steamer Princess Irene, on which William J. Bryant is a passenger, had passed the Nantucket light at 1:40 Wednesday morning. The steamer signaled that all was well on board.

Black Eye for Tillman.

Columbia, S. C., Aug. 30.—Scattering returns from Tuesday's democratic primary indicate that M. E. Ansel will lead the ticket for governor, with Richard L. Manning and Cole L. Blease close together for second place. For attorney general, J. Fraser Lyon has a large lead over his opponents in spite of Senator Tillman's bitter opposition. R. M. McCown, for secretary of state, and J. C. Boyd, for adjutant general, will probably be elected on the first ballot. J. H. Wharton and J. A. Summersett will probably run over for railroad commissioner. Other state officers have no opposition. The election of Ansel and Lyon means defeat for the state dispensary and Senator Tillman. Tillman has no opposition, but is being largely scratched.

Wins National Tennis Championship.

Newport, R. I., Aug. 30.—William J. Clothier, of Philadelphia, Wednesday won the national tennis championship, defeating Beals C. Wright, of Boston the present holder, 6-3, 6-0, 6-4.

State Varsity Gets Akerman.

Boston, Aug. 30.—State Forester Alfred Akerman has resigned to accept a position as professor of forestry in the University of Georgia.

FEW ISSUES IN EVIDENCE.

Mississippi Voters Make Known Their Wants.

Jackson, Miss., Aug. 30.—The voters of Mississippi are slowly awakening to a realization of the fact that there are very few real issues between the six candidates for governor, notwithstanding the fact that each of the aspirants has publicly declared himself on a large number of public questions. These questions, however, are in nearly every instance matters over which the next governor will have little or no power or control.

Down in the southern counties the qualified electors are anxious to have the six candidates declare themselves on the proposed constitution convention to bring about a more equitable legislative apportionment. It is natural, of course, that they should desire a man in the gubernatorial chair who is in sympathy with their movement, and they are not going to waste many ballots on the man who is not, but at the same time it is a fact that the governor cannot exert a direct influence in securing a constitutional convention further than submitting a recommendation in his legislative message.

Hon. Charles Acott is urging an influx of Italian immigration to supplant the negro on the cotton plantations, and is being severely criticised therefor by three of his opponents, Messrs. Brewer, Truly and Noel, who declare that Mississippi don't want a foreign mixture in her Anglo-Saxon blood. This is also a non-political issue, for the governor of the state could not exert a much greater influence in inducing immigration than the individual citizen.

On the question of education, taxation, law enforcement, etc., there is very little difference of opinion among the six candidates. Mr. Brewer wants to confer partial woman's suffrage, and give women the right to hold the office of county superintendent of education, which his opponents declare as rather Quixotic, and slyly intimate that Mr. Brewer is bidding for that unknown but no numerous quantity of votes dominated by feminine influence.

Prison Guard Kills Train Robber.

Atlanta, Aug. 30.—In a desperate fight within the walls of the United States penitentiary Tuesday afternoon, a prisoner, serving a sentence for train robbing, one of the most desperate characters in the prison, was killed by a guard. The prisoner attacked the guard about 5 o'clock Tuesday afternoon, very unexpectedly, and had him in a death grip when the latter broke loose. In self-defense the guard shot and instantly killed the prisoner. The name of the prisoner who was killed was Ed Richmond. The guard's name is Pet Frye from Tennessee. The killing is one of the most sensational in the history of prison life in America. Richmond was in for ten years. He was sent up from Indian Territory.

Mrs. Cleveland Climbs Mt. Washington

Mt. Washington, N. H., Aug. 30.—Mrs. Grover Cleveland, wife of the former president, walked up Mt. Washington Tuesday. She stood the trip well. It was the longest mountain climb Mrs. Cleveland has ever taken, but she stood the journey well. In her party were her niece, Miss Hastings, of New York, John F. Finley, president of the New York College, and Mrs. Finley; Rev. William A. Richards, daughter and son, New York and Miss Cahoone, of Plainfield, N. Y.

17 Recruits Arrested.

Havana, Aug. 29.—The insurgents have removed the rails from parts of the Cuban Central railroad in the southern portion of the province of Santa Clara. Seventeen recruits belonging to one company of rural guards who were alleged to planned desertion to the insurgents, have been arrested and placed in jail here. The cost of the war up to the present has been over half a million dollars.

Negro Kills His Brother.

Hoschton, Ga., Aug. 30.—In a dispute between two negroes, Marcus Morrison was killed almost instantly by his brother Mack, hitting him over the head with a heavy stick. The killing occurred at Braselton, about a mile north of this place. The negro has not yet been arrested.

KU KLUX KLAN TO BE REVIVED

Petitions Circulated for Formation of Famous Band.

OUTRAGES CAUSE OF MOVEMENT

Meeting Will Be Held in Secret at an Early Date to Perfect Plans—More County Police Soon to Be Provided by Officials.

Atlanta, Aug. 30.—Petitions bearing a tentative plan for the formation of a Ku Klux Klan, modeled in a general way upon the Klan of reconstruction times, which Thomas Dixon, in his novel, the Clansman, brought to the memory of older readers so vividly, are being circulated at various places around Atlanta.

Those who sign the slips of paper pledge themselves to attend a meeting to be held shortly, when the organization will be formally launched. No date is set for the meeting nor is any place mentioned. The petitions, however, are numerously signed.

The formation of the Ku Klux Klan was thought expedient in view of the recent and atrocious outrages committed by negroes upon white women. It is believed by some that its operations will be mare effective even than the increased force of county police and the deputies which Sheriff Nelms will apoint in each of the 12 militia districts.

The utmost secrecy is being preserved. No one knows the names of the men who first instituted the movement. No one knows yet where the mysterious meeting will be held. The petitions are handed out from various stores and public places all around town.

The petitions made their first appearance Monday evening. It had been rumored that the Ku Klux was taking form in Fulton county, but this was the first formal notification of it. The papers were circulated both in Atlanta, and at stores on the outskirts of the city.

It is not known whether the organization will bear the name of the Ku Klux, but its operations, to all intents and purposes will be the same. It will exercise a night patrol and will scour every corner of the county. Suspicious negroes who cannot account for their actions, who are idlers or are out at late hours without a sufficient excuse, will be made to "move on." Negroes whose influence are known to be dangerous to a community will be asked to leave it.

It is believed that the organization will be completed by the end of the week. Meanwhile preparations are going forward for the increase of the county police force from 12 to 36 men. Applicants are numerous for the jobs, and when the board of county commissioners meets next Wednesday it will have a number of names to select from.

Chairman E. V. Carter, of the committee on roads and bridges, said on Tuesday that he would call his committee together shortly and with them go into the matter of selecting headquarters for the three camps for the county police, and would also see about the purchase of bloodhounds. His committee will report to the board on Wednesday.

Sheriff Nelms will appoint the six deputies in each militia district, as he was authorized by the board. It is believed that by Friday week the system will have been organized.

The police board instructed Chief Jennings to put on 12 more policemen at once and let them go to work to help give the city protection. This action will be subject to the approval of the board.

The chief, under these instructions put on 12 men Wednesday.

Populist Convention Called Off.

Atlanta, Ga., August 30.—Finding that only nine delegates were present including himself, Chairman J. J. Holloway, of the Georgia populists, called the populist convention off Tuesday without even the formality of calling the meeting to order.

INVITE BRYAN TO LABOR DAY.

President Also Given Invitation by Labor Day Committee.

Atlanta, Aug. 30.—Could the expressed wishes of the Atlanta Federation of Trades be granted, Hon. Wm. Jennings Bryan, the recognized leader of American democracy, now reaching home after a two years' tour of the world, and Theodore Roosevelt, the strenuous president of the nation, would be in Atlanta Monday next, the guests of the Gate City of the South.

Among the first steps of preparation for Labor Day this year was an invitation to President Roosevelt to be present on that day, Monday next.

An invitation has been mailed to Hon William Jennings Bryan at the Victoria hotel, New York, asking his presence in Atlanta Monday next.

The parade promises to be one of the largest and most attractive shown in Atlanta in a long time. The floats are larger and more numerous than ever in the past, while the various sections have been more harmoniously and cleverly arranged. The program in its every detail has been made the better by the years gone by.

Worms Feeding on the Cotton.

Eatonton, Ga., Aug. 30.—In sections of the county caterpillars and boll worms have made their appearance in the cotton fields. So far they seem to be confined to rank spots of cotton and are doing but small damage; but as they multiply very rapidly under favorable conditions, more or less apprehension is felt by the farmers. The conditions for the past two months have been favorable to the production of such parasites, and from present indications seem likely to continue for some time to come. While the cotton plant is unusually large and luxuriant, there is general complaint of the scarcity of the fruit, and the prediction is freely made that the size of the crop will be disappointing.

Child Plunges in Boiling Water.

Macon, Ga., Aug. 30—Little Julian R., the 18-months-old son of Mr. and Mrs. J. W. Brown, who reside at Whiteside, a short distance from Macon, is dead from burns received in a tub of hot water at the home of his parents. While the floor was being scrubbed a big pot of hot water had been put into a tub in the room, and while playing with the children of the household, little Julian ran backwards against the receptacle which contained water at a very high temperature. With a scream he was immersed head forward. Before he was snatched out of the tub, the terrible effect of the hot water could be seen, and after lingering in great agony, death relieved his sufferings.

State Rate May Be $4.80.

Atlanta, Aug. 30.—It was stated at the capitol Tuesday that the state tax rate which will be fixed by the governor and comptroller general this week, will be reduced one-tenth of a mill or 10 on $1,000, as compared with the rate last year. In other words, the state tax rate last year was $4.90 on $1,000, and this year, in all probability it will be $4.80. It is believed this can be done with the increased returns and in spite of the increased appropriations made at the recent session of the legislature, because many of these appropriations are not available until next year and the year following. The net rate will be definitely announced within the next day or two.

Doctor Admits Killing Claitor.

Natchez, Miss., Aug. 30.—Dr. J. H. Love has admitted the killing of Dr. D. M Claitor, who was shot as he entered the drug store of A. H. Crowder. There were no eyewitnesses to the tragedy. A shotgun was the weapon used. Love says that Claitor was of unsound mind, and had threatened his life. The case was at first thought to be one of suicide, but Dr. Love voluntarily surrendered.

Pulajane Chief Captured.

Manila, Aug. 30—Word has been received that native volunteers captured Armogines Sanchez, a chief of the Pulajanes, in the province of Leyte near Hayhay last Saturday. The escape of the bandits from Leyte has been cut off by troops, who will prevent the arrival of reinforcements of Pulajanes from Samar. The situation is rapidly improving.

OIL FIELD FIRED BY EXPLODING BOILER

Six Acres Swept Clean By the Flames.

HALF A MILLION DOLLAR LOSS

Derricks and Storage Houses of Twenty of the Best Wells at the Famous Spindle Top Are Burned—Fire Rapidly Spreads Over Large Area.

Beaumont, Tex., Aug. 30.—One of the most destructive fires in the history of the Texas oil fields occurred at Spindle Top Tuesday night, following the explosion of a boiler at the Keith-Ward tract. It is difficult to estimate the loss, but it is certain to reach a half million dollars. The outfits of more than a score of the best wells in the field were destroyed.

The explosion occurred at 9:30 a. m. It is reported that three men lost their lives, but this has not been confirmed at yet.

Just after the explosion the storage house of th Keith-Ward company was seen to be in flames.

Although the oil district is reasonably well prepared to fight fires, having profited by past experiences, the flames gained rapid headway, and it was soon necessary to send to Beaumont for assistance. Engines and a large force of men were dispatched to the scene.

About thirty of the derricks were destroyed.

When the flames were finally gotten under control six acres had been swept clean.

BLOODY TRAGEDY IN MISSISSIPPI

Two Well Known Farmers Engage in Duel.

Winona, Miss., Aug. 30.—Information has been received here of a bloody tragedy that occurred in Webster county. It appears that a quarrel arose Sunday between Sam Hightower and Walter Cooper, two well-known farmers. After some hot words had passed, the trouble was patched up, and the two men made friends.

Tuesday Sam Highower was passing Cooper's house on his way to work. Hightower carried a shotgun. The trouble was again renewed, whereupon Walter Cooper drew his pistol and shot Hightower twice. Hightower fired one shot from his gun into Cooper's body, but Cooper did not fall.

Hightower was on the ground and Cooper, who had a pistol and a shotgun, emptied his shotgun into Hightower's body. Jim Hightower, a son of Sam, heard the shooting and ran to the scene and was shot and killed by Cooper. Cooper's wound is serious, and the attending physicians say he will die.

No Convention of Republicans.

Atlanta, Aug. 30.—After talking it out for more than five hours Tuesday, the republican state central committee of Georgia adjourned Tuesday night at 8 o'clock without doing anything. The question of a fight for control in the state republican machine is said to have been involved in the meeting. According to report J. M. Ashley, of Dawson, and C. P. Goree, of Atlanta, who were candidates for congress two years ago against the democratic nominee, would like very much to wrest the control of republican affairs in Georgia from Walter H. Johnson and Harry Stillwell Edwards, who, it is said, possess it now.

Columbus Has $15,000 Fire.

Columbus, Ga., Aug. 30.—Flames raged from 5 to 6 o'clock Tuesday afternoon in the heart of Columbus' business district, within a hundred yards of the Rankin house, doing $15,000 damage. The fire originated in an unaccountable manner in a pile of hay in the old Hirsch warehouse, in which the new firm of C. A. Johnson & Bros. had recently moved, and the building was completely gutted. Adjoining property was saved only by hard work. Adjoining the burning building is the office of the Western Union Telegraph company which had a narrow escape.

In view of the fact that school teachers throughout Florida are at a premium this year—that is, school teachers of ability—Superintendent Dr J. L. MALE AND FEMALE PREACHERS

Shocked the Good People of North Carolina Town.

Raleigh, N. C., Aug. 30.—The people of Durant's Neck have just acted as a vigilant committee, and have driven out a Holiness preacher, who gave his name as Lingerfeldt.

This man has been conducting a revival there for several days, and saying that he needed aid, and sent for a woman, who is said to be Mrs. M. V. Wicks, to come to his aid. She went promptly, and preached and prayed for three days. She was taken to the home of Henry Goodman, a prominent citizen, while Lingerfeldt was in another home.

Sunday night Lingerfeldt employed a negro to take him to the house of Mr. Goodman. The suspicions of the latter and some of the church people were aroused, and the two preachers were watched.

The suspicions of the residents were confirmed, and the preachers were ordered to at once leave the house and the county. The two preachers denied and pleaded until 3 o'clock in the morning, when they were escorted to the railroad station and put on the first train for the north.

The woman is of the Northern Methodist church, and claims that she has conducted meetings in many cities in the United States, and she shows newspapers containing flattering notices of her work. She claimed to be a niece of Cecil Rhodes, the late great South African magnate, and als that she was the heiress to a great fortune in London. While in North Carolina she asked for money for an industrial school at Waycross, Ga., and the people gave liberally. They now believe they have been swindled by an adventuress.

Tree Snakes of Borneo.

The flying frogs of the Malays appear to be mythical, but the tree snakes of Borneo are credited with taking flying leaps from the boughs of trees to the ground. It is found that scales on the lower part of the body may be drawn inward so that the whole lower surface becomes concave. The resistance to the air is thus greatly increased and experiments indicate that the snakes do not fall in writhing coils, but are let down gently in a direct line by the parachute-like action of their peculiar bodies.

THE BEST INDIA INK.

It Is Redolent of Musk, Bright With Gold and Very Costly.

"This india ink," said the clever Chinese art student, "has no more right to be called Indian than your American redskins have to that name, for india ink all comes from China, and India never produced a stick of it.

"Anhui, my own province, is the one where india ink is made. The best of the ink is kept at home for the use of the royal scribes and the official litterati. It is only the lower grade that is exported. This lower grade sells at wholesale in Anhui for $1,500 a ton.

"The very best grade of india ink, the kind rich with gold, is worth $75,000 a ton.

"The constituents of india ink are colza oil, pork fat, lampblack, glue, musk, gold leaf and the oil of a poisonous tree, the henz, which grows only in the Yangtse valley.

"After the admixture of the oils the lampblack, the fat and the glue, the resultant paste is beaten for many hours with steel hammers upon wooden anvils, and during that long beating certain quantities of musk and of gold leaf are added, the musk to give the ink perfume, the gold to give it luster.

"Afterward the ink is dried for three weeks in molds. The stocks are then decorated, the most artistic scribes gilding them with very beautiful Chinese characters.

"There is no ink worthy to be mentioned in the same breath with ours, an ink redolent of musk and bright with gold."—Exchange.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

Importance of Hobbies.

For the well being and stable balance of every mind it is normally necessary that every man should have some pursuit which shall be unconnected with his business, which he must pursue with absolute seriousness. The hobby may be a game, it may be a collection of some sort (even stamps) or it may be some artistic achievement, and whether a man scarcely attains mediocrity even in it matters not at all, provided he pursues it with the fixed idea that nothing else in the world matters.—London Queen.

The Cravat.

The cravat was once the name of a great military nation, the Croats, or Cravates, of the Balkans. It was their fashion to wrap large shawls or pieces of cloth around their necks and shoulders. About the middle of the reign of Louis XIV. he uniformed several regiments in the Croat fashion, with huge shawls about their necks. The fashion took, and the shawl diminished in size to the slight strip of cloth we still have with us.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

A Popular Welsh Drink.

All the Welsh counties swear by a drink called sowbeer. It is made from fourteen different field herbs, is harmless, except for its sleepy effects, and resembles treacle more than anything. The Welsh villagers always smoke a thin cigarette of dried sage when they drink sowbeer. The stuff is too complicated a mixture for the villagers to brew, but in all the larger towns there are dealers who make it.—London Telegraph.

EXCITING ACCIDENT TO TWO LADIES

Horse They Were Driving Came Near Dumping Them in Lake.

HAD PRESENCE OF MIND

Jumped Just in Time to Escape the Water—Vehicle Wrecked, and Ladies Were Compelled to Walk Two Miles to Gainesville.

Mesdames John E. Futch and Chas. W. McDowell of this city were the victims of an accident a few days ago from the experience of which they are just recovering, having suffered ever since with nervous prostration.

The ladies were driving over the dam at Paine's prairie, when the animal attached to the buggy became frightened and began to back. The ladies had presence of mind to jump, and barely escaped the water. The vehicle was backed into the water, and badly damaged.

The ladies were two miles from home, and the hours was growing later, but the only way to reach Gainesville was to walk. With undaunted courage they started out, covering the distance, about two miles, by 9 o'clock.

Upon reaching the home of J. R. Eddins they were welcomed, and relatives of the ladies were notified. Vehicles were hastliy sent, and they were taken to their respective homes.

Friends of the ladies regret very much the accident, but are thankful that it did not terminate more seriously.

AMERICAN WOMEN FIND RELIEF

The Case of Miss Irene Crosby Is One of Thousands of Cures made by Lydia E. Pinkham's Vegetable Compound.

How many women realize that it is not the plan of nature that women should suffer so severely.

Thousands of American women, however, have found relief from all monthly suffering by taking Lydia E. Pinkham's Vegetable Compound, as it is the most thorough female regulator known to medical science. It cures the condition which causes so much discomfort and robs these periods of their terrors.

Miss Irene Crosby, of 313 Charlton Street, East Savannah, Ga., writes:

"Lydia E. Pinkham's Vegetable Compound is a true friend to woman. It has been of great benefit to me, curing me of irregular and painful periods when everything else had failed, and I gladly recommend it to other suffering women."

Women who are troubled with painful or irregular periods, backache, bloating (or flatulence), displacement of organs, inflammation or ulceration, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising women free of charge. Thousands have been cured by so doing

TWO EXPENSIVE ARTICLES.

M. B. Saunders Paid Fancy Prices For Axe and Pair of Shoes.

M. B. Saunders, member of the firm of Saunders & Earle, enjoys the distinction of owning the most expensive axe in the country, having secured the same at the enormous price of $186. It is only an ordinary axe, but has a history which is indeed interesting when told by Mr. Saunders. He declares he proposes to use the weapon in chopping off bad accounts in future.

Mr. Saunders is also "sporting" a pair of patent leather shoes which cost him an even $900. He ventured out with these shoes the first time on Sunday, but says his feet did not feel any easier than they would have been in $5 leather cases. Mr Saunders will also explain how he came into possession of these shoes, if his friends are sufficiently interested to ask him.

Methodists in Convention.

Carrollton, Mo., Aug. 27.—The annual convention of the Methodist Episcopal church, south, began here Wednesday. Bishop J. S. Key, of Sherman, Tex., who is 78 years old, presided. Among the topics of general interest that may be discussed will be the report of the committee on federation.

Interesting Dollar Contribution.

New York, Aug. 30.—An interesting dollar contribution came to the Republican congressional campaign committee Tuesday. It was a silver dollar with a postage stamp stuck on its face. It was addressed plainly with red ink to Congressman Sherman. The dollar was mailed in St. Marys, W Va.

In Self Defense.

A NEW STOCK FARM PROMISED ALACHUA

Rumored That Immense Company Will Soon be Organized.

REGISTERED CATTLE ONLY

Will be Raised, and Altogether the New Industry Promises to be Great. Large Tract of Fertile Land Will be Turned Into Farm.

While nothing authentic can be given out at this time it is safe to state that Alachua county will soon have another immense stock farm, which will be located not many miles from Gainesville.

It is rumored, and not denied, that certain wealthy parties have closed the deal for an immense tract of fertile land, especially adapted to the culture of grain and feed-stuffs. The tract will be enclosed with a substantial wire fence and otherwise improved, and when the farm has been completed it will be one of the most modern in all Florida.

It will be the purpose of the owners to stock the farm with the finest registered cattle, at a cost of many thousand dollars. Fuller and more definite particulars can be given in a few days.

The establishing of this enterprise will bring Alachua county out as the banner stock-raising county of the State, as two fine stock farms are already here.

A Pleasant Affair.

A party of eight hied themselves to the woods last Wednesday and spent the day most delightfully.

Those who composed the party were: Mr. and Mrs. W. D. Dickinson, Mr. and Mrs. D. L. Graham, Mrs. Zetrouer, Mrs. H. W. Waite, Master Carlos Zetrouer and Albert Anson Graham. They went out in a carriage to the Windsor and Pilgrim cottage section. Pilgrim cottage is the country home of the Dickinsons. At one o'clock a dainty luncheon was partaken of at the cottage, and at 4:30 the party departed to the city.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

The revolution in Cuba is a small affair, but it will cost the Cuban government a good round sum before the insurgents are entirely routed.

The present reign of right thinking and right beautifying is showing up splendid results. Even the old women are young, the young keep young and the old ones turn time inside-out and forge their way back to youngness.

Lady Curzon is said to have loved India in spite of the responsibilities there; to have loved its oriental fascination and the bracing height of Simla, where the court removed in the summer, and which proved so healthful for her children that she was able to keep them with her instead of sending them away from her to England, as the wives of some officials of India have to do.

In these days of necessity for publicity the people of Gainesville will do well to vote down the proposed amendment to the city charter giving the council the right to do away with the publication of ordinances. The plea of the expense of publishing of ordinances is mere buncombe. Nine-tenths of the expense of publication of ordinances under the new charter has already been incurred. If the council really desires to reduce expenses there are several "loop holes" in which the pruning knife can be used to better advantage than the printing fund.

Dr. Frank Miller, health officer of Jacksonville, in a statement before the city board of health last Monday, said that 90 per cent of the typhoid cases originate from uncleaned soda water glasses. He also stated that much disease was caused from the use of the same fork and spoon by different persons at the saloon free lunch counters without being properly washed. If the Doctor's war on the free lunch counter should result in its abolishment there would be "wailing and gnashing of teeth" among a very large element of Jacksonville's population.

EARLY FALL TRADE.

Proparations for the fall trade are being made unusually early this year. Reports from all the wholesale centers show the arrival of country merchants in larger numbers than ever before, and two weeks earlier than usual.

In this connection The Wall Street Journal says the meaning of this is not simply commercial in its character, but much wider. Accompanying the buyers are their families, whose members add considerably to the purchasing power of the representatives of mercantile establishments. It has become more and more the practice of well-to-do and prosperous people to make their autumn and spring trips to large wholesaling centers to see for themselves and purchase liberally. This adds much to the commercial prosperity of the great trade centers.

Whether the season will be longer, in spite of the early beginning, remains to be seen. Between this and the holidays, there are two well-defined trade periods. The first is that of purchasers for individual consumption which extends fully up to the beginning of December. From that time is covered by the second period in which the retail trade addresses itself to the holiday business. It is probable that no part of the season from midsummer to New Year will in anywise suffer abatement on account of the early beginning.

The presence of large surplus funds in the agricultural sections of the country, as well as the continuous employment of labor in the industrial sections throughout the past summer, and the early marketing of cotton and grain, are jointly responsible for this early activity in the mercantile trade. There are abundant resources to maintain trade in large volume for the next four months; and unless signs fail, the closing quarter of 1905 will be one of the most active merchandising periods in the history of the country. There will be a quick turnover of stocks and a ready return of cash to the great centers of trade in payment of thirty, sixty and ninety-day bills.

These conditions are likely to favor an early replenishing of banking resources in the large financial centers. Early autumn buying is a good omen for those who are in any way anxious about the conditions of the money market.

The wanton destruction of timber in this country in the past is now being exemplified by the importation of 1,500,000 railroad ties from Japan. The price to be paid on this contract is fifty-six cents each, including the tariff tax of one cent a cubic foot, or eight to fifteen cents on each railroad tie. The price asked for American grown ties on the Pacific coast is said to be seventy-five cents each, so the tariff tax will have to be increased at least nineteen cents more per tie to protect our lumbermen from the pauper labor of Japan. Here is something for the protectionists to act upon instead of supinely standing pat and letting the pauper foreigner undersell the American product. Then, too, if the tariff duty on timber was increased it would hasten the denudation of our forests, which the protection system evidently desires, by placing obstacles on the importation of foreign lumber. It is hardly necessary to say that the more costly ties and rails can be made the higher our freight rates are bound to be.

Seventeen big breweries have organized a trust. Their plants turn out annually 2,300,000 barrels of beer. Beer drinkers can bust it if they will by calling for the product of the independent concerns, but the best course to pursue is to drink no beer. No drink, no buy, no sales, break up of the trust or financial ruin.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucus lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucus surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The Fort Myers Press tells of a Dr. J. H. Godden, who has established a hospital and is practicing his profession among the Seminole Indians, with the remark that he is possibly the only white man who has ever been invited into the Everglades to treat the red men. This may be true, yet the Seminoles in this section have for a number of years been going to the white physicians for treatment. It is almost a daily occurrence for some Indian to seek a doctor in this city for a prescription and treatment. They have strong faith in patent medicines and are good patrons of the drug stores. In every other way the Seminole is rapidly advancing in civilization and at the present rate it will not be many years before the tribes will be reduced to the old men and women, the younger members having gone out into the world to take up and help bear the white man's burden.—Miami Metropolis.

As an evidence of the prosperity of the people of this section more people have gone to the summer resorts this season than ever before in the history of the State. As a gentleman remarked the other day, "Florida people always go to other States to spend their money, and when you see the resorts of North Carolina and other States represented by Floridians, you can rest assured the truckers and others have had a successful season."

James M. Smith, the millionaire farmer of Georgia, stood no show for Governor in the recent primary. But it was the issue and not the man that gave Hoke Smith such a tremendous majority. Clark Howell now acknowledges this fact. The "nigger" and "corporations" is now the popular issue in every Southern State, though both seem to have been effectually corralled politically.

As the time draws near for the opening of the public schools the school book bill gives the average parent the "blues." It is to be hoped that the next Legislature will give us relief from the school book trust.

Another colored employe of one of Tampa's wholesale houses has been caught in a systematic purloining of the goods from his employer and profitable speculation in them, to the considerable increase of his income.

Extensive arrangements are being perfected for the Labor day celebration in Tampa next Monday. Prominent speakers, good music, a big dinner, athletic and aquatic sports will be features of the day's festivities. DeSota park has been chosen as the location for celebration.

The jury of inquest impaneled Sunday to investigate the death of Thomas Rembert, Jr., who was killed by a train near the Bridge street viaduct in Jacksonville, met at Justice Willard's office Wednesday afternoon and rendered a verdict to the effect that Rembert came to his death through his own carelessness in trying to board a moving train.

SMITH LOANED PENSION MONEY

Oglethorpe's Big Farmer Put Up the Coin to Pay Veterans.

Atlanta, Aug. 30.—It was learned at the capitol Tuesday that Hon. Jas. H. Smith, of Oglethorpe, recent candidate for governor, was the well-known Georgian who loaned $17,500 to the state without interest for the purpose of paying the pensions of the remaining confederate veterans last spring in advance of the meeting of the legislature.

It will be recalled that the pension fund gave out last March before all the pensioners were paid. The pensioners of Greene and Clarke counties would have had to go without their money until the legislature met and made an appropriation. It was then that Mr. Smith came forward and loaned the state the necessary amount without interest and without security other than the governor's promise to ask the legislature for a sufficient appropriation to meet the payment when it came due. The only condition which Mr. Smith made was that his name should be kept secret. Now that it is all over, the money has been paid, the campaign for governor is at an end, and the state is about ready to reimburse Mr. Smith for his voluntary loan, the secret has been made public, and it is known that Farmer Jim Smith is the man who came to the relief of the veterans and widows and enabled them to get their money four months or more before it would otherwise have reached them.

Comer's Majority 17,000.

Birmingham, Ala., Aug. 30.—Further returns from Monday's democratic primary show that B. B. Comer, for governor, carried 59 counties ove Lieutenant Governor R. M. Cuningham. Cunningham carried four counties and four others are in doubt. Comer's unofficial majority to date is 17,733, and will probably be increased to 20,000. In the race for lieutenant governor, Henry B. Gray has carried 19 counties, Emmett O'Neal 14 and D. J. Meador 8, leaving 26 counties to be accounted for. It will probably require the official count to determine this result.

Don't Be Blue

And lose all interest when help is within reach. Herbine will make that liver perform its duties properly. J. B. Vaughn, Elba, Ala., writes: "Being a constant sufferer from constipation and a disordered liver, I have found Herbine to be the best medicine, for those troubles, on the market. I have used it constantly. I believe it to be the best medicine of its kind, and I wish all sufferers from these troubles to know the good Herbine has done me." Sold by W. M. Johnson.

Chew What You Know About and Know What You Are Chewing

There is real pleasure in chewing the best tobacco grown—where the best tobacco grows—in the famous Piedmont Country.

Only choice selections of this well-matured and thoroughly cured tobacco is used in making SCHNAPPS. That's why SCHNAPPS and others of the Reynold's brands, as shown by the Internal Revenue statistics for a fiscal year, made the wonderful growth of six and one-quarter million pounds, or a net gain of one-third of the entire increased consumption of chewing and smoking tobaccos in the United States.

Evidently, chewers cannot resist the flavor and they cheer SCHNAPPS because SCHNAPPS cheers them more than any other chewing tobacco, and every man that chews SCHNAPPS passes the good thing along—one chewer makes other chewers—until the fact is now established that there are many more chewers and pounds of tobacco chewed, to the population, in those States where SCHNAPPS tobacco was first sold than there are in the States where SCHNAPPS has not yet been offered to the trade.

SCHNAPPS is like a cup of fine Java coffee, sweetened just enough to bring out its natural, stimulating qualities. SCHNAPPS pleases all classes of chewers: the rich, because they do not find a chew that really pleases them better at any price; the poor, because it is more economical than the large 10c. or 15c. plugs and they get their money's worth of the real snappy, stimulating flavor so appreciated by tobacco lovers. All imitations contain much more sweetening than SCHNAPPS. They are made that way to hide poor tobacco improperly cured.

For the man who chews tobacco for tobacco's sake, there is no chew like SCHNAPPS.

Sold at 50c. per pound in 5c. Cuts. Strictly 10c. and 15c. Plugs

PREPARE FOR THE CONVENTION.

Every Promise Made State Committee To Be Fulfilled.

Macon, Ga., Aug. 30.—Although the sessions of the state democratic convention to be held here beginning with September 4 are to be brief, the representative business men of the Central City are now centering their attention upon making the visit of the delegates one of decided pleasure as well as otherwise.

The impression now is that the convention will not last more than a day and a half, but regardless of this, Macon citizens and business men feel themselves under obligations to carry out every promise made when the convention was secured in Atlanta.

Secretary Eugene Anderson, of the Macon chamber of commerce, said Tuesday that it was the aim of the business men and all the citizens to reach out with a hand of welcome to everybody and take steps on the arrival of the delegates to comfortably house them in Macon.

He further said:

"The chamber of commerce forces have been busily engaged this morning sending out to prominent parties who will attend the convention next month lists of hotels and boarding houses at which accommodations can be secured. The list was prepared in conformity with a promise that was made when the committee went to Atlanta some time ago to secure the convention for Macon. It shows the price of board, the number of people that can be accommodated at each place, the telephone number, the street number, and all other necessary information.

'As soon as the names of delegates are announced, each delegate will be furnished with one of these lists, and the chamber of commerce has promised to do everything in its power to keep the delegates from suffering for want of accommodations. It is stated that every delegate who gets into communication with the chamber of commerce will be guaranteed a place to dine and a place to sleep, no matter how long the convention lasts."

Children in Pain

Never cry as do children who are suffering from hunger. Such is the cause of all babies who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. Father and Five Children Suffered for Two Years With Terrible Eczema—Home Remedies and Medicines Gave No Relief—Mother Expresses Joy at

WONDERFUL CURE BY CUTICURA REMEDIES

"My husband and five children were all afflicted with eczema. They had it two years. We used all the home remedies we could hear of, without any relief, and then went to a physician and got medicine two different times, and it got worse. It affected us all over except head and hands. We saw Cuticura Remedies advertised and concluded to try them. So I sent for $1.00 worth, consisting of one cake of Cuticura Soap, one box of Ointment, and one vial of Pills, and we commenced to use them. I do not know how to express my joy in finding a cure, for two of my children were so bad that they have the brown scars on their bodies where they were sore. If it will be of any benefit to you, you can publish my letter with pleasure. Yours truly, Mrs. Maggie B. Hill, Stevens, Mason Co., W. Va., June 12, 1905."

THE ISLAMIC WORLD.

Its Two Divisions and Its Attitude Toward the Sultan.

The Islamic world is divided into two great divisions—the Sunni Mohammedans, who occupy the Turkish empire, Morocco, Algeria, Tunisia, Tripoli, Afghanistan, Egypt and the Soudan, and the Khanates of central Asia, and the Shiah Mohammedans, who occupy Persia and are scattered all over the Mohammedan world, some 5,000,000 of them living in India. By the divine law the latter the caliph must be a real descendant of the prophet. The Sunis, on the other hand, do not insist on this, but it is an article of necessarywith in Sunni theology and law that the caliph must be an Arab of pure blood belonging to Mohammed's tribe. On this point there is absolutely no difference in the Mohammedan world, barring one or two insignificant sects out of the hundreds of sects into which Mohammedanism is divided.

One proof test is the Friday prayer. In no country out of Turkey is prayer offered up for the sultan of Turkey. To do so would be an act of sedition and treated as such. I would not give much for the life of the mollah who dared to offer up prayers for the sultan in any mosque in Afghanistan or Persia. The Arabs repudiate and scorn the idea of the sultan being caliph; nor, indeed, has he ever dared formally to appeal to the Mohammedan world in that character. He is never acknowledged as caliph in India, and if he publicly claimed the title formally ,even in Constantinople it is probable that he would find himself deposed by a fetva of the Sheikh-ul-Islam.—London Times.

ANCIENT ARTISTS.

Wonderful and Lasting Work of the Greco-Egyptian Painters.

The methods of the artists of ancient Greece and Egypt were totally different from those of the present day artists were evidently vastly more durable. Panels of wood were used to paint on—sycamore and cypress—also panels of papier mache, and occasionally the panels were formed by gluing three thicknesses of canvas together. These panels were usually about fourteen inches long by seven inches wide. The artists used liquid wax instead of oil to mix the colors, which were made, not from vegetable, but from mineral substances, and were of marvelous brilliancy and permanence—blue powdered lapis lazuli, green malachite, red oxide of iron, etc. The colors were laid on in patches, somewhat after the fashion of a mosaic, and afterward blended with an instrument called the cestrum, which appears to have been a lancet shaped spatula, long handled, with at one end a curved point, at the other a finely dentated edge. With the toothed edge the wax could be equalized and smoothed, while the point was used for placing high lights, marking lips, eyebrows, etc.

The final process, which gives the name encaustic to this kind of painting, was the burning in of the colors. This was done by the application of a heated surface to the panel, though in Egypt the heat of the sun was probably all that was needed to complete the artist's work.

Each Man's Share of the Globe.

There is no immediate prospect that the landed surface of the globe will be divided up and allotted in equal shares to each of its human inhabitants, but should such a time ever does come it will be found that each will get a little truck farm of 23½ acres. The landed surface of the globe contains, as near as it is possible for the geographers to ascertain, 33,000,000,000 acres, which, divided among the 1,500,000,000 inhabitants which the world contains, roughly speaking, would give each of them a tract of land of the area mentioned above. Taking the entire population of the world into consideration, there are almost exactly twenty-eight inhabitants to each square mile.

A Startling Motto.

A traveling salesman died very suddenly in Pittsburg. His relatives telegraphed the undertaker to make a wreath; the ribbon should be extra wide, with the inscription, "Rest in Peace," on both sides, and if there is room, "We shall meet in heaven." The undertaker was out of town and his new assistant handled the job. It was a startling floral piece which turned up at the funeral. The ribbon was extra wide and bore the inscription, "Rest in Peace on both sides, and if there is room we shall meet in heaven."

Ten Good Things.

There are ten things for which no man has ever yet been sorry. These are: For doing good to all; for speaking evil to none; for hearing before judging; for thinking before speaking; for holding an angry tongue; for being kind to the distressed; for asking pardon for all wrongs; for being patient toward everybody; for stopping the ears to a talebearer; for disbelieving most of the ill reports.

Leaves seem light, useless, idle, wavering and changeable—they even dance. But God has made them part of the tree.—Leigh Hunt.

WHY TAKE CALOMEL?

Hearsay Evidence.

"See here, Jokely, I'm surprised to find you writing such bitter, cynical things about married life."

"Well—er—Benedict, you see, the fact is—er"—

"Oh, don't apologize. It isn't that. What surprises me is how, not being married, you know all these things."—Boston Transcript.

Friends.

"If a man is friendless it is his own fault."

"That's right. Why, there are fine fellows standing on every corner who would gladly borrow money from him."—Pittsburg Post.

Social Dictionary.

"Society" is now a combination of men and women who overdress themselves at the expense of their tradesmen that they may overeat themselves at the expense of their friends.—Life.

It is wise to save the first dollar that makes in business, but wiser to be the last.

READ THIS.

STEVENSON, Ala., June 6, 1901.

Dr. E. W. Hall, St. Lodis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very severe nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two opeeations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctor said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am Yours truly,

W. C. DANIEL.

SAD DEATH OF MRS. JARVIS.

Passed Away Suddenly at Her Home Thursday at Noon.

Again has the sad angel of death visited our little city, this time taking for its own the loving Christian wife of Dr. H. L. Jarvis.

Mrs. Jarvis had been sick for the past week, but not serious, and yesterday was feeling much better, being up and around the house. At dinner-time Dr. Jarvis was home and had been talking with her for some little time when he went into the dining-room and had seated himself at the table when he heard his wife call him. He went to her and found her in a faint. He carried her to the bed and summoned assistance, but before help could reach him she expired in his arms.

At home at the time was little Miss Gladys McFarland and the children. Miss Gladys went for help, but as stated above life had left the body before assistance could arrive. Mrs. Jarvis had not been well for some time, but her sudden death has cast a shadow over the entire city.

Yesterday morning at about 8 o'clock, Mrs. McFarland, mother of deceased, received a telegram announcing the death of her mother, Mrs. Wingate of Oakland. Mrs. McFarland was on her way to Oakland when she was reached by wire, informing her of the death of her daughter. Mrs. McFarland in her hour of trouble has the sympathy of the people of Gainesville.

Mrs. McFarland reached the city last night. The body of Mrs. Jarvis will be embalmed, awaiting the arrival of relatives who will reach here today.

Mrs. Jarvis leaves a husband and two children, a mother and sister to mourn her untimely death.

The Sun, together with other friends, extends sincere sympathy to the bereaved ones in their hour of trouble.

Funeral notice will appear in tomorrow's issue of The Sun.
